About Us

LEWU “Learn and Enjoy With Us” is a young company, agency and language school that organises various language immersion programmes.

This is our second session and following the success of the first, we are now striving even harder to give your children one of the very best language learning programmes.

Our goal is for campers to learn and practice the target language in a friendly and warm atmosphere in small groups with a maximum of 12 students per class, so that each student is dedicated personal attention.

Educational Complex

The facilities and services we offer include a pool, kitchen, football field with artificial turf, ping pong, basketball, field hockey, a tennis court, volleyball, dining hall, playground, etc...

The residence where our campers are housed is on-site in the same complex. The dorms sleep up to a maximum of 15 people. The rooms have single beds and furniture to store personal belongings; the bathrooms and changing rooms are also in the same building. This way, students can enjoy a comfortable stay and get a good night's sleep.

The centre has its own kitchen, so meals are prepared by our kitchen staff under the control of the technical nutritionist to ensure the food is suitable for each student, taking into account possible allergies and intolerances.

The safety and security of our campers is very important to us, and so the educational complex is fenced and has surveillance cameras. LEWU also has a night surveillance service.

When leaving the centre, students are accompanied by professionals, parents or authorised individuals.

Location

The campus is located at Colegio Privado Alfinach, just outside the town of Puzol, at the entrance of the residential developments of Alfinach and Monasterios.

Puzol is a coastal town located 25 minutes from Valencia in the north east of the province, and is connected with a Cercanías Valencia railway station, as well as regular bus lines, to the main town of Valencia and surrounding villages.

The educational complex where our camp is located has 60,000 square meters of facilities, gardens and nature, and all rooms have heating and air-conditioning.

Lewu Summer Camps 2nd Edition

LEWU LANGUAGE IMMERSION CAMP

We learn and have fun practising english or spanish as a foreign language in Spain .

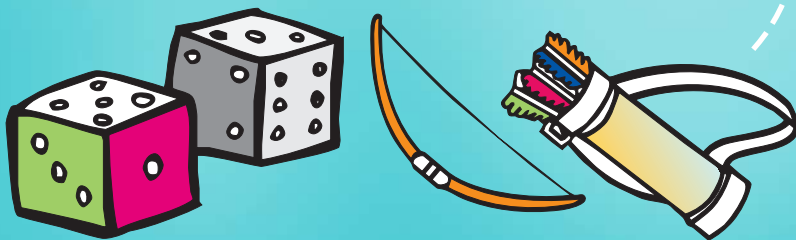

Language classes and workshops with small groups of 12 students and recreational activities.

LEWU has organised a Language Immersion Camp for you – a residential language immersion campus where students learn the target language (English or Spanish as a foreign language) in a fun and playful environment.

It is aimed at children from 3 to 17 years of any nationality, who want to practice and learn the target language in Spain, together with students from different countries.

The language classes are divided by level and target language, so teachers will carry out a level test on the students' first day at the camp.

Most classes use dynamic group activities in classrooms and outdoors, with equipment provided by the centre and various educational apps and programs using digital whiteboards and iPads.

In the various planned activities, we work with key educational values for your child's learning, as basic pillars of our school.

In recreational activities, our campers are accompanied by one monitor for each 8 students, and language classes are taught by experienced, professional native or bilingual teachers.

In our Summer Camp, our language staff always speak the target language so as to encourage students to make it the only language they use during their stay. What's more, we do various daily activities with all students of different nationalities, making it possible to practise the target language with native students.

We offer from 1-week or full-month stays from 1 July to 26 August for small groups of students.

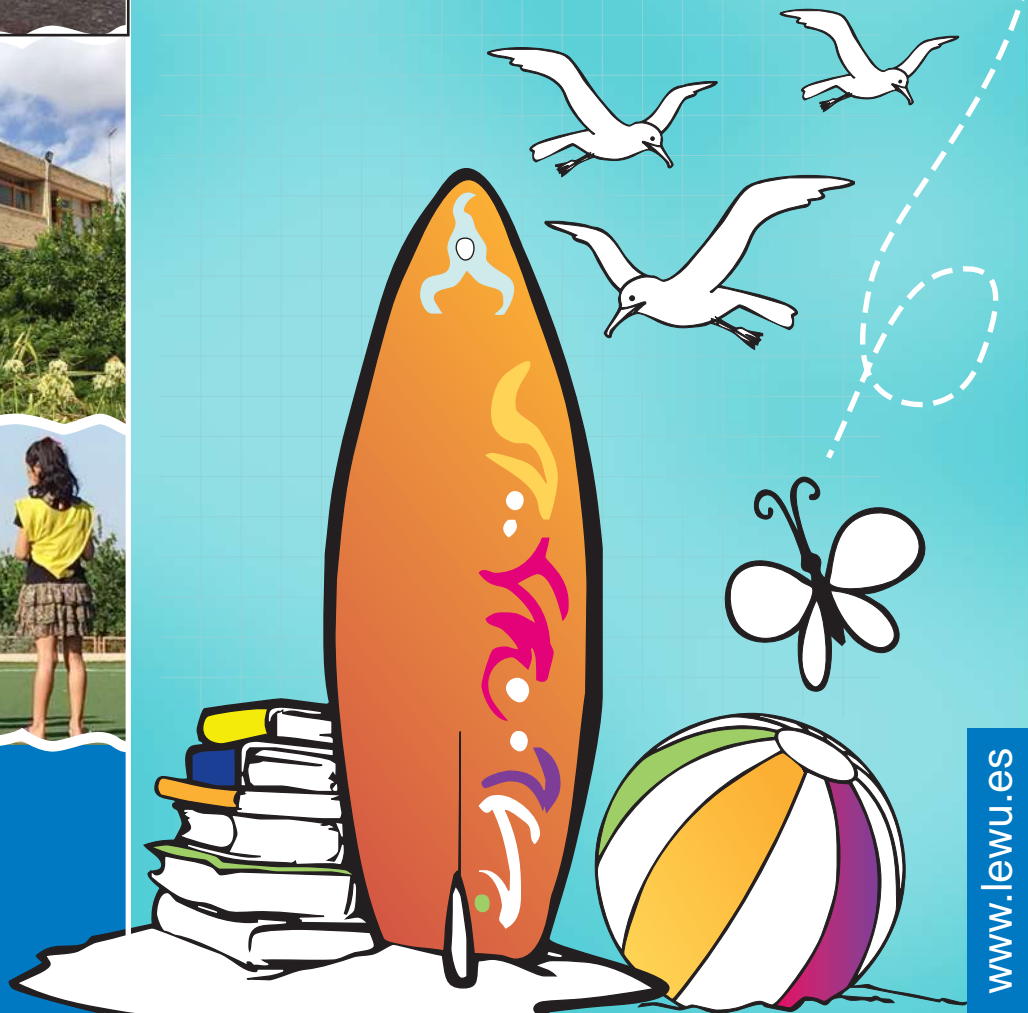

Summer Camp

LEWU has planned for students a variety of educational and recreational activities for learning the target language in a fun way, developing each student's skills and sense of teamwork. We offer two types of language immersion camps:

- RESIDENTIAL CAMP
- DAILY CAMP

Student-parent communications

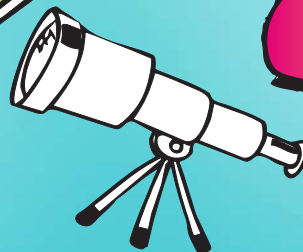

LEWU has a 24-hour hotline in the event of any emergencies.

A schedule will be set by the school so that parents can talk with students on a regular basis if needed; we encourage you to keep conversations brief given the number of students at the camp.

LEWU Bank

The school will provide a bank for campers to deposit the money they bring with them on the first day; they will be given only the amount needed for outings and excursions or to spend in the Camp store. There is a daily check of the students' spending.

The purpose of the bank is for students not to spend in excess or misplace their money.

Absolutely amazing Spanish Camp. We came from England and wanted kids to learn spanish whilst over on holidays. They spent 2 weeks in day camp and absolutely loved it. The programme was full of fun and they did actually learn a lot of Spanish language. They really didn't want to leave and were very well looked after! We're very happy with the organisation and the staff are excellent teachers! It took us 25'mins drive from central Valencia which we found very easy. Definitely will be coming back to LEWU Camp next year!
