ABOUT US

LEWU is an acronym for our motto: "Learn and Enjoy With Us": Learn and have fun with us! Our mission is for children and teenagers to learn languages while having fun. To achieve this goal, our classes are dynamic, practical and adapted to everyday situations, while also taking individual student preferences into account.

We are a young company, agency and language school that organises various different language immersion programmes.

This is now the 4rd Edition of our Language Immersion Camp which we open at Christmas, Easter & Summer. During the Christmas holidays with Daily Camp and at Easter & Summer you can choose our Daily Camp or Residential Camp.

Our goal is for campers to learn and practice the target language in a friendly and warm atmosphere in small groups with a maximum of 12 students per class, so that each student is dedicated personal attention.

From the moment they wake up until they go to bed, they'll be hearing the target language spoken by professionals from our centre, who will encourage campers to speak only in the target language.

No speaking in your mother tongue!

EDUCATIONAL COMPLEX

The facilities and services we offer include a pool, kitchen, football field with artificial turf, ping pong, basketball, field hockey, a tennis court, volleyball, dining hall, playground, etc.

The residence where our campers are housed is on-site in the same complex. The dorms sleep up to a maximum of 12 people. The rooms have single beds and furniture to store personal belongings; the bathrooms and changing rooms are also in the same building. This way, students can enjoy a comfortable stay and get a good night's sleep.

The centre has its own kitchen, so meals are prepared by our kitchen staff under the control of the technical nutritionist to ensure the food is suitable for each student, taking into account of possible allergies and intolerances.

The security of our campers is a top priority, so the educational complex is fenced with surveillance cameras and security staff on night duty.

When leaving the centre, students are accompanied by professionals, parents or authorised individuals.

LOCATION

The campus is located at Private College Alfinach, just outside the town of Puzol, at the entrance of the residential developments of Alfinach and Monasterios.

Puzol is a coastal town located 20 minutes from Valencia in the north east of the province, and is connected with a Cercanías Valencia railway station, as well as regular bus lines, to the main town of Valencia and surrounding villages.

The educational complex where our camp is located has 60,000 square meters of facilities, gardens and nature, and all rooms have heating and air-conditioning.

LEWU LANGUAGE IMMERSION CAMPS 4RD EDITION

LEWU LANGUAGE IMMERSION CAMP

LEWU has organised a Language Immersion Camp for you a residential language immersion campus where students learn the target language (English or Spanish as a foreign language) in a fun and playful environment.

It is aimed at children from 3 to 17 years of any nationality, who want to practice and learn the target language in Spain, together with students from all around the world.

The language classes are divided by level and target language, so teachers will carry out a level test on the students' first day at the camp.

In LEWU we use dynamic group activities in classrooms and outdoors, with equipment provided by the centre and various educational apps and programs using digital whiteboards.

In the various planned activities, we work with key educational values for your child's learning, as basic pillars of our school.

Your children will be staying with 60% Spanish students and 40% internationals. Every day they'll be taking part in various activities to practice the language with native students.

STUDENT-PARENT COMMUNICATIONS

LEWU has a 24-hour hotline in the event of any emergencies.

A schedule will be set by the school so that parents can talk with students on a regular basis if needed; we encourage you to keep conversations brief given the number of students at the camp.

LEWU BANK

The school will provide a bank for campers to deposit the money they bring with them on the first day; they will be given only the amount needed for outings and excursions or to spend in the Camp store. There is a daily check of the students' spending.

The purpose of the bank is for students not to spend in excess or misplace their money.
