## ABOUT US

LEWU is an acronym for our motto: "Learn and Enjoy With Us": Learn and have fun with us! Our mission is for children and teenagers to learn languages while having fun. To achieve this goal, our classes are dynamic, practical and adapted to everyday situations, while also taking individual student preferences into account.

We are a young company, agency and language school that organises various different language immersion programmes.

This is the 5th Edition of our Language Immersion Camp which we open Easter & Summer 2023. During the holidays at Easter & Summer you can choose our Daily Camp or Residential Camp.

Our goal is for campers to learn and practice the target language in a friendly and warm atmosphere in small groups with a maximum of 12 students per class, so that each student is dedicated personal attention.

From the moment they wake up until they go to bed, they'll be hearing the target language spoken by professionals from our centre, who will encourage campers to speak only in the target language.

*No speaking in your mother tongue!*

## EDUCATIONAL COMPLEX

The facilities and services we offer include a pool, football field with artificial turf, outdoor ping pong, playground, basketball, indoor football, volleyball, athletics courts, indoor spaces and classrooms, kitchen and dining hall. It also has large garden and nature areas.

The residence where our campers are housed is on-site in the same complex. The dorms sleep up to a maximum of 12 people. The rooms have single beds and furniture to store personal belongings; the bathrooms and changing rooms are also in the same building. This way, students can enjoy a comfortable stay and get a good night's sleep.

The centre has its own kitchen, so meals are prepared by our kitchen staff under the control of the technical nutritionist to ensure the food is suitable for each student, taking into account of possible allergies and intolerances.

The security of our campers is a top priority, so the educational complex is fenced with surveillance cameras.

When leaving the centre, students are accompanied by professionals, parents or authorised individuals.

## LOCATION

The campus is located at Private College Alfinach, just outside the town of Puzol, at the entrance of the residential developments of Alfinach and Monasterios.

Puzol is a coastal town located 20 minutes from Valencia in the north east of the province, and is connected with a Cercanías Valencia railway station, as well as regular bus lines, to the main town of Valencia and surrounding villages.

The educational complex where our camp is located has 60,000 square meters of facilities, gardens and nature, and all rooms have heating and air-conditioning.

## LEWU LANGUAGE IMMERSION CAMPS 5RD EDITION

### LEWU LANGUAGE IMMERSION CAMPS

LEWU has organised a Language Immersion Camp for you a residential language immersion campus where students learn the target language (English or Spanish as a foreign language) in a fun and playful environment.

It is aimed at children from 3 to 17 years of any nationality, who want to practice and learn the target language in Spain, together with students from all around the world.

The language classes are divided by level and target language, so teachers will carry out a level test on the student's first day at the camp.

In LEWU we use dynamic group activities in classrooms and outdoors, with equipment provided by the centre and various educational apps and programs using digital whiteboards.

In the various planned activities, we work with key educational values for your child's learning, as basic pillars of our school.

Your children will be staying with 50% Spanish students and 50% internationals. Every day they'll be taking part in various activities to practice the language with native students.

We offer stays by the week, fortnight or month for small groups of students for small groups of students at Easter and Summer.

\*All camps are subject to a minimum of 15 campers.

## MODALITIES

We offer two types of language immersion camps:

## STUDENT-PARENT COMMUNICATIONS

LEWU has a 24-hour hotline in the event of any emergencies.

From 20:00 pm to 20:30 pm, campers will be able to use their personal mobile phone or tablet or failing that, the company phone to talk with their families.

The rest of the time their use will be prohibited. We must encourage social and real relationships guys!

## LEWU BANK

The school will provide a bank for campers to deposit the money they bring with them on the first day; they will be given only the amount needed for outings and excursions or to spend in the Camp store. There is a daily check of the student's spending.

The purpose of the bank is for students not to spend in excess or misplace their money.

Thanks to the entire LEWU team for ensuring that Martina has an unforgettable experience at the campus that you organize on summer.

The objectives that we set for ourselves, both at a linguistic and sporting level, have been far exceeded, now we only have to wait a year to repeat.

We are family from Ukraine and found LEWU in Valencia , what a wonderful experience we had this summer! First my son visited after school activity in LEWU that was very entertaining and in August joined summer camp! Everyday he was back.

My son Tommaso from Florence, Italy, has stayed 3 weeks and had a phenomenal experience. The best was the watersports, surfing, windsurfing, kayaking,..., the relationship with the Oreos boys and girls was very good, also with the coordinators. The only point debole was the food, (the pasta could not be compared with one that is eaten in Italy)

A vacation to never forget, he had a lot of fun.

Thank you very much for all the LEWU team
